SUPPORTERS

INTEGRATED APPROACH IMPLEMENTATION

1. Key tenders monitoring

A centralized Procurement contract monitoring tool implemented to closely monitor all tenders

2. Issues Management

The MOC Issue Management System (IMS) developed with Deloitte activated for closer monitoring of all key issues both with IOC and internally.

3. Operational Readiness Programme

Kickstarting the operational readiness programme for priority milestones

4. People Readiness Approach

Key workforce statistics are closely monitored on a bi-weekly basis for executive visibility of people readiness.

5. Key Operational dates

A consolidated calendar of key operational dates (including for venues) will be established for dates affecting the whole Organizing Committee.
