

The ASOIF Medical and Science Consultative Group (AMSCG)

Specific Terms of Reference

The AMSCG advises the ASOIF Council and the Executive Director on Medical and Scientific issues.

Objectives

The objectives of the AMSCG are to:

- Provide expert advice and medical opinions to the ASOIF Council, and the Executive Director, upon their request;
- Discuss current medical, scientific and anti-doping issues (such as injury and illness surveillance and prevention, physical and mental health prevention of harassment and abuse in sport, elite athlete care, nutrition etc.) generally affecting the ASOIF Members and react appropriately to opportunities and threats that may arise;
- Lead and co-lead workshops of a medical, scientific and anti-doping nature that are of interest to the ASOIF Members;
- Provide feedback on the WADA Foundation Board and Executive Committee documents on behalf of the Olympic Movement;
- Conduct studies of a medical, scientific and anti-doping nature which may affect the interests of the ASOIF Members; and
- Perform any other tasks of medical, scientific or anti-doping nature entrusted to it by the ASOIF Council or the Executive Director.
