UPDATE ON OLYMPIC GAMES PARIS 2024

Key recent decisions:
- Number technical officials and IF technical delegates approved
- Competition schedule by session approved
- Qualification systems per discipline approved

Next priorities:
- OCOG budget review in July
- Implementation of new hospitality model through On-Location
- Contingency planning and services planning
UPDATE ON PARIS 2024

Following the IF Transition Seminar continued focus on:

- Fan experience both digital (Olympic platforms) and in-venue (sport presentation)
- Shifting towards a needs assessment approach with IFs versus Functional Areas driving service planning
- Innovations in broadcast product and fan engagement
- Sport presentation and wider sport experience elements (e.g., sport initiation)
PARIS 2024 CONTINUED

Role of IF increasingly important and integral to the planning

Understanding IF needs and requirements and placing the services at the need of IF and Sport Functional Area

Continuous engagement on IF feedback on Games services plans and policies via the ASOIF multi-sport working group

Studying IF Seminars ahead of Games to provide updates on planning
Enrich and promote the road to the Olympic Games

ROLE OF THE IFS IN THE IMPLEMENTATION OF OLYMPIC AGENDA 2020+5

- Olympic Games & Sports
- Athletes
- Digital Engagement
- Sustainable Development
- Governance
ATHLETES

Key achievements and areas of progress made are around:
- Athlete representation on IF Executive Boards
- Creation of an Athletes Department
- Collaboration with ITA on anti-doping
- All IFs working on prevention of competition manipulation with Olympic Movement Unit

Key areas for continued dialogue:
- Compliance of Athlete Commission and adopting the Athlete declaration
- Ensuring best athlete participation and gender equality
Creation of the first ever Virtual Sport and Gaming festival to include competitions, conferences and demonstrations.
